Re: Central Breath Testing

Dear Mr. Daniels,

Sheriff Gee has asked me to respond to your inquiry regarding the gathering of evidence at Hillsborough County Sheriff's Office (HCSO) Central Breath Testing (CBT).

First of all, your initial email makes several inaccurate statements. Despite your assertions, there is no question of the integrity of the process or the results at HCSO CBT. We are confident that the criminal misconduct that you allege has not occurred. Secondly, Ms. Gray was not relieved of duty due to any misconduct related to her CBT duties.

Sheriff's Office staff members have met with representatives of FDLE to review our CBT policies and procedures. Our interaction with FDLE and our review of CBT policies and procedures have revealed no administrative or criminal misconduct, or any reason to question the reliability of breath testing at the Hillsborough County Sheriff's Office.

However, since you claim to have evidence to the contrary, I will be happy to review it. If you have anything beyond HCSO CBT video tapes, please forward it to my office at your earliest convenience.

Sincerely,
